

I am just writing to you concerning K-LOVE radio station. I have been informed that the FCC may allow LPFM to take priority over K-LOVE stations. I think it is outrageous that the FCC would allow such an action to take place. K-LOVE provides a lot of support to millions of listeners each day. In a world that is so anti-God, it is nice to be able to turn on the radio and listen to a station that promotes Godly views. It would be a travesty to allow K-LOVE to be replaced. I cannot imagine not having K-LOVE in my local community. Please do not allow K-LOVE to be taken off the air.
